FOR IMMEDIATE RELEASE

Statement Regarding City Hall Memorial Area Project

The City of Kingston, through its Department of Public Works, is currently renovating the outdoor public viewing area of the Memorial monuments in front of City Hall at 420 Broadway. These renovations are necessary as a wall connected to this viewing area became compromised and required the City to temporarily close the walkways available to view these important monuments. At this time, work is underway to make all necessary repairs and replace the walkway with a new level and graded flat surface that will improve access to the memorial area for public viewing and ceremonies.

Once all work has been completed and the walkway is deemed safe for use, the area will be reopened to the public. A follow up notice to that effect will be distributed at that time.
